Mt. Capra Ambassador Program Benefits and Details

Thank you for your interest in our Ambassador Program! We are so excited to be partnering with other like-minded individuals in sharing the benefits and easy digestibility of goat milk.

Please note, Ambassadors are hand-selected and have to be a good fit for Mt. Capra. We are currently only taking a very limited number of Ambassadors.

Please see the perks of being an Ambassador below:

- Up to \$100 worth of free product to get you started – Mt. Capra staff will work with you on getting the products you are most interested in
- A unique coupon code for 10% off to share with your followers – coupon code only works on the first order made by new, unique customers. This coupon can be used on top of sales items but cannot combine with other coupons.
- \$20 commission per first time order will be paid out in the given time period (monthly) for all orders \$20+ after discounts have been applied and before taxes and shipping, that use your unique code. We will not provide a commission on any orders below \$20. Please note that this coupon code for your followers can only be posted on your own social media channels / personal blog. It cannot be posted on coupon websites, other people's social media channels, or on Google or any other search engine or your Ambassador status will be dissolved. Please read terms and conditions.
- A private, unique coupon code for your **personal use only that will be linked to your email and will provide you a 30% off discount on mtcapra.com** so you can continue to buy, use, and promote Mt. Capra products.

The benefits listed above are subject to change at any time at Mt. Capra's discretion. If you are an approved Ambassador and come across any customer complaints/issues, please direct those customers to us at orders@mtcapra.com or 877-682-2772.
